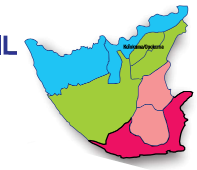
STATEMENT OF ACCOUNTING POLICIES

(*IPSAS ACCRUAL*)

ISSUED BY

OFFICE OF THE ACCOUNTANT-GENERAL OF
BAYELSA STATE OF NIGERIA

2024



Introduction

In line with the adoption of the International Public Sector Accounting Standards (IPSAS) in Nigeria, a Standardized Chart of Account (COA) alongside with a set of General-Purpose Financial Statements (GPFS) have been designed and introduced by Federation Accounts Allocation Committee (FAAC) for adoption by all tiers of Government in Nigeria.

The standardized COA and the GPFS have been adopted Brass Local Government Council to comply with FAAC directive in order toharmonize public sector accounts reporting in Nigeria.

In order to ensure an effective and efficient utilization of the COA and GPFS, the Accounting Policies have been developed as a set of guidelines to direct the Processes and Procedures relating to financial reporting in Kolokuma-Opokuma Local Government Council. These policies shall form part of the universally agreed framework for financial reporting in Bayelsa State.

IPSAS ACCRUAL BASIS OF ACCOUNTING

The GPFS are prepared under the historical cost convention and in accordance with International Public Sector Accounting Standards (IPSAS) and other applicable standards as defined by the Fiscal Responsibility Law (FRL) and the Financial Reporting Council of Nigeria. In addition, GPFS are in compliance with the provisions of other financial regulations of the State.

This Accounting Policy addresses the following fundamental accounting issues:

- Definition of Accounting Terminologies
- Recognition of Accounting Items
- Measurement of Accounting Items
- Treatment of Accounting Items
- The Accounting Policy is subject to periodic reviews and updates as shall be deemed necessary by the Accountant-General of Bayelsa State.

1. **Accounting Terminologies / Definitions**

- **Accounting policies** are the specific principles, bases, conventions, rules and practices adopted by the Bayelsa StateGovernment in preparing and presenting Financial Statements.
- Accrual basis means a basis of accounting that recognizes transactions and other events immediately when revenue is earned or expenses incurred.
- **Cash**: C ash comprises cash in hand, demand deposits in financial institutions and cash equivalents.
- **Cash equivalents** are short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.
- **Cash flows** are inflows and outflows of cash. Cash flows exclude movements between items that constitute cash as these components are part of the cash management of the government rather than increases or decreases in the cash position controlled by government.
- **Cash receipts** are cash inflows.
- **Cash payments** are cash outflows.
- **Cash Controlled by Bayelsa State Government**: Cash is deemed to be controlled by Local Government when the government can freely use the available cash for the achievement of its objectives or enjoy benefit from the cash, and can also exclude or regulate the access of others to that benefit. Cash collected by, or appropriated or granted to the government which the government can freely use to fund its operating objectives, such as acquiring of capital assets or repaying its debt is controlled by the government.
- **Government Business Enterprise** means a ministry, department or agency that has all the following characteristics:
- Is an entity with the power to contract in its own name;
- Has been assigned the financial and operational authority to carry on a Business;
- Sells goods and services, in the normal course of its business, to other MDAs and the general public at a profit or full cost recovery;

- Is not reliant on continuing government funding or subvention to remain a going concern (other than purchases of outputs at arm's length); and
- Is controlled by a public sector management or the government

Notes to the GPFS

This shall include narrative descriptions or more detailed schedules or analyses of amounts shown on the face of the GPFS, as well as additional information
Notes shall be presented in a systematic manner. The items in the Statements should cross reference to any related information in the notes.

2. **Fundamental Accounting Concepts**

The following fundamental accounting concepts are taken as the basis of preparation of all accounts and reporting in Bayelsa State:

- Accrual Basis of Accounting;
- Under-stability;
- Materiality,
- Relevance;
- Going Concern Concept;
- Consistency Concept
- Prudence
- Completeness, etc.

Accounting Period

3. The accounting year (fiscal year) is from 1st January to 31st December in line with the National Treasury Circular Ref. OAGF/CAD/026/V.1/102 of 30th December,2013. Each accounting year is divided Into 12 calendar months (periods) and shall be set up as such in the accounting system.

4. **Reporting Currency**

5. **General Purpose Financial Statements (GPFS)**

The GPFS comprise of the followings:

- Statement of Financial Performance;
- Statement of Financial Position;
- Statement of Cashflow;
- Statement of Net Asset/Equity;
- Notes to the Accounts: Additional disclosures to explain the GPFS; and

6. **Consolidation Policy**

- The Consolidation of the GPFS is based on Accrual Basis of Accounting
- All Ministries, Department and Agencies (MDAs) of Bayelsa State Government except Government Business Enterprises (GBEs) shall be consolidated.
- Consolidation of the GPFS shall be in agreement with the provisions of IPSAS

7. **Notes to the GPFS**

- Notes to the GPFS shall be presented in a systematic manner. The items in the Statement should cross reference to any related information in the Notes.
- It shall follow the format provided in the Accounting Manual.

8. **Comparative Information**

- The General Purpose Financial Statements shall disclose all numerical information relating to previous period (at least one year).

9. **Budget Figures**

- These are figures from the approved annual budget and supplementary budget as approved in accordance with the Appropriation Law of Bayelsa State.

10. **Revenue:**

Fees, taxes and fines

- In this GPFS revenue is recognizes from non-exchange transactions such as fees, taxes and fines when the event occurs and the assets recognition criteria are met.
- Other non-exchange revenues are recognized when it is probable that the future economic benefitsor service potential associated with the asset will flow to the government and the fair value of the asset will flow to the government and fair value of the asset can be measured reliably.

Other operating revenue

- Other operating revenues arises from exchange transactions in the ordinary course of Government activities
- Revenues comprise the fair value of the consideration received or receivable for the sale of good and services in the ordinary course of government activities.
- Revenue is shown net of tax, returns, rebates and discounts.

Sale of goods

- Revenue from the sale of goods is recognized when the significant risks and rewards of ownership has been transferred to buyer, usually when goods are delivered.

Other revenue

- Other revenue consists of gains on disposal of property, plant and equipment. Any gain on disposal is recognized at the date control of the asset is passed to the buyer and is determined after deducting from the proceeds the carrying value of the asset at that time.

11. **Aid and Grants**

- Aid and Grants to the Bayelsa State Government is recognized as income on entitlement, while aid and grants to other governments/agencies are recognized as expenditure on commitment.

12. **Subsidies, Donations and Endowments**

- Subsidies, Donations and endowments to the Government are recognized as income when money is received, or entitlement to receive money is established, except where fulfillment of any restrictions attached to these monies is not probable.

13. **Transfers from other government entities**

- Revenues from non-exchange transactions with other government entities are measured at fair value and recognized on receipt of the asset (cash, goods,s ervices and property) if it is free from conditions and it is probable that the economic benefits or service potential related to the asset will flow to the government and can be measured.

14. **Expenses**

- All expenses shall be reported on an accrual basis, I.e. all expenses are to be recognized in the period they are incurred or when the related services are enjoyed, irrespective of when the payment is made.

15. **Employment Benefits/Pension Obligations**

Under the Defined Benefits Scheme.

- Provision has been made, where applicable, using an actuarial valuation determines the extent of anticipated entitlement payable under employment contracts and brings to account a liability using the present value measurement basis, which discounts expected future cash flows.
- To the extend that it is anticipated that the liability will arise during the following year the entitlement are recorded as Current Liabilities. The remainder of the anticipated entitlements are records as Non-Current Liabilities.

Under the Defined Contribution Scheme

- Public entities make pension and national insurance contributions on behalf of employees in line with
- Pension Act 2014. The contributions are treated as payments to a defined contribution pension plan.
- A defined contribution plan is a pension plan under which fund managed by Pension Fund Administrators
- (PFAs)

- The Government has no legal or constructive obligations to pay further contributions if the pension Entity does not hold sufficient assets in the current and prior periods.
- The contributions are recognized as employee benefit expense when they are due.
- Prepaid contributions are recognized as an assets to the extent that a cash refund or a reduction in the future payments is available.

16. **Interest on Loans:**

- Interest on loans shall be treated as expenditure or as a charge in the financial performance report (Statement of Financial Performance)
- Interest expense is accrued using the effective interest rate method.
- The effective interest rate exactly discounts estimated future cash payments through there expectedlife of the financial liability to that liability's net carrying amount.
- The method applies this rate to the principal outstanding to determine interest expense in each period.

17. **Foreign Currency Transactions:**

- Foreign Currency Transactions throughout the year shall be converted into Nigerian Naira at the ruling (Central Bank of Nigeria -CBN) rate of exchange at the dates of the transactions. Foreign currency balances, as at the year end, shall be translated at the exchange rates prevailing on that date.
- At the end of the financial year, additional amounts (in cash or at bank) arising out of Foreign Exchange Gains/Losses shall be recognized in the Statement of Cash Receipts and Payments either as Receipts/Payments respectively.
- Foreign exchange gains/losses are recognized in the Statement of Financial Performance.

18. **Minority Interest**

- This represents the interest of external parties during the year under review

19. **Statement of Cash Flow**

This statement shall be prepared using the direct method. The Cash Flow Statement shall consists of three (3) sections:

- Operating activities section include cash received from all income sources of the government and record the cash payments made for the supply of goods and services
- Investing activities section are those activities relating to the acquisition and disposal of non- current assets.
- Financial activities section comprise the change in equity and debt capital structure of the government.

20. **Cash & Cash Equivalent**

- Cash and Cash Equivalent means cash balances on hand, held in bank accounts, demands deposits and other highly liquid investments with an original maturity of 6 months or less in which the Entity invests as part of its day-to-day cash management and are subject to insignificant risk of changes in value.
- Cash and Cash Equivalent is reported under Current Assets in the statement of financial position.

21. **Account Receivable**

a. Receivables from exchange transaction

- Receivables from exchange transactions are recognized initially at fair value and subsequently measured at amortized cost using the effective interest method, less provision for impairment.
- A provision for impairment of receivables is established when there is objective evidence that entity will not be able to collect all amounts due according to the original terms of the receivables.

b. Receivables from non-exchange transactions

- Receivables from non-exchange transactions comprises; fees, taxes and fines (and any penalties associated with these activities) as well as social benefit receivables that do not arise out of a contract.

- These receivables are initially assessed at nominal amount or face value; that is, the receivable reflect the amount of tax owed, levy, and fine charged or social benefit debt payable.
- These receivables are subsequently adjusted for penalties as they are charged and tested for impairment.
- Interest and penalties charged on tax receivables are presented as tax revenue in the statement of financial performance.

22. **Prepayments.**

- Prepaid expenses are amounts paid in advance of receipt of goods or services.
- They can represent payments made early in the year for benefits to be received over the latter part of the year, or payments made in one year for benefits to be received in subsequent years.
- Prepayments for which the benefits are to be derived in the following 12 months should be classified as Current Assets. Where the benefits are expected to accrue beyond the next 12 months, it should be accounted for as a Long-Term Prepayment and classified as Non-Current Assets.
- Prepayments that are identifiable with specific future revenue or event, e.g. adverts, should be expensed in the period in which the related event takes place; those that relate to specific time periods, e.g. insurance, rent, leasehold premises, should be recognized as an expense in such periods.
- Prepayments not exceeding e.g. N10, 000 shall be expenses immediately, except there is a possibility of obtaining a refund or credit within the same financial year.

- Inventories are valued at the lower of cast and net realizable value.
- Cost is determined using the FIFO method.
- Inventories held for distribution for public benefit purposes are recorded at cost, adjusted where applicable for any loss of services potential
- Inventories are reported under Current Assets in the Statement of Financial Position.

24. **Loans Granted**

Loans Granted are shown at estimated realizable value after providing for bad, doubtful debts and impairments.

25. **Investments**

Investments in associates.

- An Entity's investments in its associates are accounted for using the equity method of accounting.
- An associate is an Entity over which Entity has significant influence and that is neither a subsidiary nor a joint venture.
- Under the equity method, investments in associates are carried in the statement of financial position at cost plus post acquisition changes in Entity's share of net assets of the associate. d. The statement of financial performance reflects the share of the results of operations of the associates.
- Where there has been a change recognised directly in the equity of the associate, Entity recognises its share of any changes and discloses this, when applicable, in the statement of changes in net assets/equity.
- Surpluses and deficits resulting from transactions between the Government and the associate are eliminated to the extent of the interest in the associate.

Investments in joint ventures.

- A Public Entity's investments in its joint ventures are accounted for using the equity method of accounting.
- A joint venture is a contractual arrangement whereby two or more parties undertake an economic activity that is subject to joint control.
- Under the equity method, investments in joint ventures are carried in the consolidated statement of financial position at cost plus post acquisition charges in Entity's share of net assets of the joint venture.

- The statement of financial performance reflects the share of the results of operations of the joint venture.
- Where there has been a change recognised directly in the equity of the joint venture, an Entity should recognise its share of any changes and discloses this, when applicable, in the statement of changes in net assets/equity.
- Surpluses and deficits resulting from transactions between Public Entity and Joint ventures are eliminated to the extent of the interest in the joint venture.

Investment in Controlled entities (subsidiaries)

- The controlled entities are all entities (including special purpose entities) over which a Public Entity or its entities has the power to govern the financial and operating policies generally accompanying a shareholding of more than one half of the voting rights.
- The existence and effect of potential voting rights that are currently exercisable or convertible are considered when assessing whether Public Entity controls another Entity.
- The controlled entities are fully consolidated from the date on which control is transferred to the-Public Entity. They are de-consolidated from the date that control ceases.
- Inter-group transactions, balances and unrealised gains on transactions between inter-group transactions are eliminated, unrealised losses are also eliminated.
- Accounting policies of controlled entities are consistent with the policies adopted by the PublicEntity.

Impairment of Investments.

Entity determines at each reporting date whether there is any objective evidence that the investment is impaired, if this is the case Entity calculates the amount of impairment as being the difference between the recoverable value of the investment and the carrying value and recognises the amount in the statement of financial performance.

26. **Available for sale securities**

- Where and Entity uses its surplus cash to purchase short-term investments, the financial assets are classified at initial recognition as available-for-sale.

- Available-for-sale financial assets are included in non-current assets unless Entity intends to dispose of the investment within 12 months of the reporting date.

- Regular purchases and sales of financial assets are recognized at fair value on the trade-date (the date on which Entity commits to purchase or sell the asset) and subsequently at fair value with any resultant fair value gains or losses recognised in the statement of Net Assets/Equity.

- Realized gains and losses on sale of available-for-sale securities are recognized in the consolidated statement of financial performance as 'gains and losses from available-for-sale securities.
